Unseen passage: 02

Read the text carefully and answer the questions 5, 6, 7 and 8.

Every country has a national flag. We also have a national flag. Everywhere in the world this flag bears our identity. There are two colours in our national flag : red and green, Inside the green there is a bright red circle. Our national flag is rectangular. There is a definite measurement of how much green and how much red will occupy the area. The ratio of the length and width of our national flag is 10:6. The radius of the red circle will be one fifth of the length of flag. Everyday, the national flag is hoisted only in schools and colleges and important public offices. But in our national mourning days, it is kept half-mast. We should always honour our national flag. It is the symbol of independence of our country.

5. Fill in the gaps with the best word from the box. Extra 2 words will not to be used.

1 × 5 = 5

always	colour	green	public	half-mast	identity	hoist	ratio
